

How to Transfer Messages from Android Phone to Mac?

1 Please download and install the latest version of Tansee Android Message Transfer for Mac [here](https://tansee.com).

Open Tansee Android Message Transfer for Mac.

2 Download and install Tansee Message Transfer App from tansee.com/get (Please open this link in your Android phone's web browser)

Connect your phone to the Mac using one of the following options:

Option 1: WLAN Please ensure that your phone and the computer are connected to the same WLAN Network (same router).

Option 2: Mobile Hotspot Connect your computer's WiFi to the **Mobile Hotspot** network of your phone.

Obtain the connection code from one of the options above, input it into the Tansee program on your Mac, and click the **Connect** button.
